**Kentucky Bluebird** (5.0% abv) is something to look forward to on American Independence Day, 4<sup>th</sup> July. It is in the style of an American IPA and uses Pale and Crystal Barley malts with malted wheat. Four American hop varieties are added: Cascade, Amarillo, Centennial and Simcoe. I tasted it from the fermentation vessel so there was a yeast bias but, nevertheless, the American hop flavour came through. Distribution details below:
